MAAC News

From Mass E-Mail # 4 Dated December 19, 2016

Transport Canada is still in our favor, giving us a carve out in new regulations, for anyone who is a member of MAAC in good standing. I attended a plenary meeting December 13th in Ottawa, which reiterated the same message. **This is great news** and in 2017 the new regulations will be coming out which hopefully won't affect our organization. We are patiently waiting to see when it is on paper before any further comments can be made. If you are trying to get an SFOC, please contact your district Transport Canada office as each region has a different application form.
